that's local, stable, and
secure—invest at RCU.*

“I want everyone in our communities to know that they should feel completely secure investing their money with RCU. Your funds are safe and protected with RCU and federally insured up to \$100,000 by NCUA. RCU is an extremely strong and stable financial institution. While other financials were out there increasing their risks to improve their profits, RCU continued to do business as usual. We appreciate your trust and welcome your business.”
